New York, Oct. 14.—The Globe this afternoon prints a copy of the affidavit made by Edwin N. Barrill, who accompanied D. Frederick A. Cook at the time he announced his reaching the summit of Mount McKinley. The affidavit was made before a notary public at Tacoma, Wash., on October 4, and has just been received in New York. Barrill's affidavit states in effect that he was the only person present with Dr. Cook on the date when he claims to have reached the summit of Mt. McKinley, that they did not in fact reach the summit, and the nearest point to the summit reached was at least fourteen miles distant from the summit of that mountain, the elevation at no time exceeded was at least fourteen miles dis-tant from the summit of that moun-tain, the elevation at no time exceed-ing 10,000 feet. Barrill's affidavit also brings into quastion. brings into question a number of the photographs which Dr. Cook has giv-en as representing the summit and other high altitudes of Mt. McKinley. Corroborated by Photographer Miller. Scattle, Wash., Oct. 14.—Walter P. Miller of this city, photographer of Dr. Cook's Mount McKinley expedition, has made an affidavit corroboratling the sworn statement of Edward Barrill, published in the New York Globe today. When shown Barrill's statement, Mr. Miller said it was correct. Miller says he has photographs and maps that fully confirm the statement of Barrill's

This point is fully twenty miles from the summit.

HIS RECORD ON THE BENCH BITTERLY ASSAILED.

"AN INTELLECTUAL FREAK"

Declares Wm. M. Ivins, a Republican at Hearst Meeting-Gaynor Meeting Disturbed by Militant Suffragette.

New York, Gct. 14.—Two of the trio of candidates for mayor of Greater New York kept up the agitation of a daily quickening campaign by speeches in Manhattan and Brooklyn, respectively, tonight William J. Gaynor, for mer supreme court justice, and the democratic nominee, crossed over from his home section in Brooklyn and made his first appearance since the campaign started in Manhattan proper. Otto T. Bannard, the republican nominee, reversed this and made a series of speeches in Brooklyn.

Gaynor's Hearers Disappointed. The greatest interest centered in Gaynor's appearance in the expecta-tion that he would answer in detail the charges that have been made

In this respect his hearers were disappointed, as he did not answer the charges at length, but declared, as he has done before, that his record must be the answer to his detracters.

"I shall leave the blackguards and the mud-slingers to go their way."

Hearst Ivins Denounced Gaynor at Hearst Meeting.

At the Hearst meeting William M. Ivins, a republican, confined himself to reviewing Gaynor's record in general BRIDGEPORT FAMILY TROUBLE rather than citing any specific in-stances where the judge erred. "I have already shown what his at-

"I have already shown what his attitude was in the case of the race track gamblers," said lvins. "I have shown how he endeaversed to reverse the constitution of the state of New York in the aid of a corrupt conspiracy, and I shall keep on going through his record day after day until he has reached the final hour which precedes his political funeral. There are at least six thousand members of the bar who would vote for Mr. Justice Gayner for mayor for no other reason on earth except to get him off the bench. He is an intellectual freak."

He denounced Gaynor as a tool of Tammany Hall, declared that he was incompetent to hold the position of mayor, and bitterly assaalled his entire record on the bench as being one conducted for his own personal interests. William A, De Ford, a lawyer, who was a candidate for hitorney general of the state on the Independence league ticket in 1906, preceded Ivins. He told among other things of a conversation with Rudolph Block, a former Hearst employe, and an adherent of Gaynor in which Block is ala conversation with Radoiph Block, a former Hearst employe, and an adher-ent of Gaynor, in which Block is al-leged to have said that "Judge Gay-nor expects to be elected governor and then president of the United States, and he wants to take the nomination for mayor from Tammany Hall in or-
